P R I C E L I S T

The following begonias are available for immediate shipment. If you are interested in a begonia not mentioned, please write me for I may be able to furnish it. Prices are at Santa Barbara, cash with order, Railway Express collect (this is best in cold weather). If you prefer parcel post, please send funds to cover the cost.

RHIZOMATOUS BEGONIAS

- Boweri -- new to science and just released. Small-leaved and suitable for the terrarium. Leaves green with black markings along the edge where there are also long hairs standing erect. This is the favorite of my introductions. \$1.50 each.
- Joe Hayden -- this is the darkest-leaved begonia of the star type. One of my most popular hybrids. \$1.00 each.
- Silver Star -- a star-type leaf, mottled silver and green. \$1.00 each.
- hispidavillosa -- a new introduction. Lettuce-green leaf; long hairs all over the plant. Blooms in the fall. Flowers pink. \$1.50.
- manicata -- pink flowering in winter. Red scale-like hairs on stem and under-side of leaf. \$1.00.
- Mrs. Townsend. Dark star, flowering in winter. 75¢ each.
- Feastii -- best old-timer "Beefsteak Begonia". 50¢ each.
- nelumbiifolia -- water-lotus-leaved begonia. \$1.00 each.
- 27.s -- over 100 varieties. Leaves lobed, may be dark brown to light green, sometimes overlaid with silver. Robust. \$1.50 each.
- 242.s -- green-leaved, veins sometimes red. \$1.50 each.
- circumlobata Chinese -- deeply cut leaves with scale-like hairs on stems. \$1.00.
- 1331 -- large, uneven green leaves. A 1948 McDougall find in Southern Mexico. White flowers. \$1.00 each.

FIBROUS BEGONIAS

- Lady Waterlow -- low, everblooming. 35¢ each.
- Fruticosa -- brownish leaves. \$1.00 each.
- Acutangula -- silver-marked leaves. 50¢ each.
- Pet -- low-growing, bushy. 35¢ each.
- Altoscharff -- hairy, low-growing. \$1.00 each.
- longipes petiolata -- medium height with green leaves. Rare. 50¢ each.
- Superba -- green leaves with silver. 50¢ each.
- Stitched-leaved begonia -- upright or basket type. Black notches on edge of green leaves. New. \$1.50 each.
- Mazae -- same as above but with bronzy leaves. \$1.50 each.
- Luwalter -- a bronzy-leaved incarnate. 50¢ each.
- Cuban Species -- similar to Lady Waterlow. 50¢ each.
- Rudy's Rubella -- a hybrid from strigillosa but resembling rubella. 75¢ each.
- Dearest Mae -- low-growing form of odorata, almost everblooming. 50¢ each.
- epipsila -- a new species similar to the fruticosa group. \$1.00 each.
- isoptera -- rare, needs heat, green leaves, low-growing. From Java. 50¢ each.
- quadulocularis -- new. Leaves long, green, pimpled all over. \$1.00 each.
- scandens -- trailer, white flowers. \$1.00 each.

This list will be supplanted by a larger list in April; if you would like to receive it, please write me.
